Purpose of the research activity

PLATINA3 provides targeted coordination and support activities to promote IWT in Europe. PLATINA3 makes the bridge towards future research, innovation, and implementation needs within IWT in Europe. A key objective is providing the knowledge base for the implementation of the EU Green Deal in view of further development of EC's IWT action programme (NAIADES) towards 2030. PLATINA3 addresses priority topics for the success of IWT: 1) integration & digitalisation of IWT in view of modal shift & synchronomodality, 2) zero-emission, automated & climate resilient fleet, 3) skilled workforce anticipating to zero-emission & automation, 4) smart & climate resilient waterway and port infrastructure with clean energy hubs.

Your participation in this specific PLATINA3 research activity involves the granting of information stemming from specific expertise, your know-how, or your network.

Informed Consent Form

I understand that I and the organisation I represent (henceforth referred to as I) are consenting to participate voluntarily in the specific research activity of the European Union-funded project PLATINA3 (Grant agreement number 101006364), as described below.

Project & activity specifics and role of participant

PLATINA3 makes the bridge towards future research, innovation, and implementation needs within IWT in Europe. A key objective is providing the knowledge base for the implementation of the EU Green Deal in view of further development of EC's IWT action programme (NAIADES) towards 2030. I will contribute to this research by participating in the research activity (e.g. workshop/questionnaire/demonstration/interview/discussion/other), which aims at gathering input for the project. My contribution consists of specific expertise, know-how, my network or another way of transferring information.

The information I provide will be used to gather input for the key aspects of the project. The outcomes of this interaction could be beneficial to the project, i.e. contribute to a better understanding of a future-ready, innovative and green IWT sector and the policy needed to support it. Participation involves no foreseen risks by the researchers- but as a participant I have the right to ask questions about any risk I foresee personally.

Disclosure of information

I am free to refuse to disclose information that I feel is commercially or institutionally sensitive or related to topics that I do not wish to discuss, or express that I only want to share certain sensitive information on a bilateral non-disclosure basis.

I agree that the result of the research activity will be used for further analysis within PLATINA3. Interim reports of the research activity will be confidential in the sense that the report will only be accessible for PLATINA3 partners and relevant EU officers.

In final reports of the project that are based on information I have provided, information will be presented in such a way that it cannot be traced back to a specific organisation or person. The specific information I have provided will be used only during the project and will be deleted after the project ends.

General

I have the right to ask for additional information at any time and receive understandable and timely answers.

My participation in the project is voluntary. I have the right to withdraw from the participation at any time without prejudice. Finally, I have been given the contact details of a PLATINA3 contact person and I have been informed that I am free to contact this person about any issues or questions I might have related to the project.
